CURRENT BUDGET: \$		N/A	
ADDITIONAL FUNDING: \$		N/A	
RECOMMENDED ACTION			
Present the training partnership survey results to city council for review and recommendation.			

EXECUTIVE SUMMARY

One of the goals of the FY13 Strategic project Public Safety Training Facility is to provide an assessment of the training needs for the Police and Fire departments. In 2013, staff was directed by City Council to explore potential partnership opportunities with surrounding agencies.

The City hired Milestone Solutions (an urban planning firm) to conduct a training needs survey of surrounding agencies (both public and private) to identify:

- The training resources and facilities currently available in the area
- Identify any unmet training needs of those agencies surveyed
- Gauge agencies interest in partnering with the COSL in meeting the unmet training needs identified

The survey focused on three main areas. Asking survey recipients about their current facilities and needs related to a Shooting Range, Driving Track, and Burn House.

The survey was sent to 53 entities in the Fort Bend and Harris County areas. This presentation will provide an analysis of the survey results.
